

School Council Meeting Minutes
Friday 25th September

Present: Mrs Whitehead, MW, CF, HW, FS, RB, AB, KA, LS.

- ❖ Discussed the role of school council.
- ❖ Mrs Whitehead explained to The School Council that they are to ask their class what charities from a list they would like to support this year.
- ❖ Mrs Whitehead explained who each of the charities supports.
- ❖ Mrs Whitehead told the school council that the play equipment near the pond is rotten and we are no longer able to use it. Mr Bassett would like ideas of how to use the space once it has gone.
- ❖ School Council visited the space and came up with the following ideas: space to keep a school pet (e.g. pigs/chickens), quiet area with tables and chairs and books to read, a wildlife area to attract wildlife, outdoor games such as a table tennis table or football table, an outdoor working area with benches and a canopy, use the Trentport prize money to build an art area for sketching, hanging decorations to make the area look pretty.

Any other business

- ❖ RB said that in the boys' toilets, people are playing around.
- ❖ FS explained that toilets aren't being flushed.
- ❖ KA expressed concerns that the quiet area is not being used correctly because people are playing running games.

- ❖ 6 out of 8 school councillors voted that having monitors or prefects would encourage people not to play around in the toilets.
- ❖ KA suggested making the quiet area clearer by having a visible sign or a canopy to show it is a different area.
