

St Mark's 2017/18 Keystage 2 SATs scores

	Reading	Writing	Maths
Progress Score (0.0 being national average)	1.6	0.7	1.3
% Reaching expected (against national average)	86% (75%)	91% (78%)	95% (76%)
Combined % for R/W/M expected (against national average)	81% (64%)		
Average scaled scores (against national average)	107 (105)	107 (106)	105 (104)

We have been pleased with our scores this year. Attainment is considerably higher than national and local average for KS2 pupils reaching expected levels. The percentage of pupils reaching Greater Depth is in line with national average in all subjects.

Our KS1 results were generally in line with national average and our Year 1 phonics scores 3 % higher than national average and 4% higher than Kent scores.

With small cohorts our results can vary from year to year and our individual children carry a higher percentage than in other, larger schools. However, the trend over three years has been for our KS2 results to move further above average.

Our focus is now our progress scores.
